(03:53:17 PM)	(Chandra) said :	Before I proceed with the request, You have been our loyal subscriber and we have an amazing sale going on right now. I'd love to offer you a 50% discount on a yearly plan which would help you save money in the long term. You will only be paying \$207.50 for the entire year and since you have recently renewed you will only be paying the difference amount of \$106.50 and enjoy the subscription until 13 September 2023. This is a really good offer and it would be great if you can take advantage of it.
(03:55:27 PM)	(ME) said :	Thank you, but please help to proceed my request.

(03:56:19 PM)	(Chandra) said :	I understand Hung, Since your subscription is already renewed, I could lower the subscription to \$50.50 and refund the remaining amount within 3-5 business days and you could enjoy the current subscription at a 50% discount. The price will revert back to standard pricing after the offer period. I'm sure you'd love to take advantage of this offer!
